

LouiEriksson::Engine  
::Graphics::Camera::PostRender

```
graph LR; A[LouiEriksson::Engine<br/>::Graphics::Camera::PostRender] --> B[LouiEriksson::Engine<br/>::Settings::PostProcessing<br/>::Grain::IsActiveAndEnabled];
```

A diagram showing a call from the `PostRender` method of the `LouiEriksson::Engine::Graphics::Camera` class to the `IsActiveAndEnabled` method of the `LouiEriksson::Engine::Settings::PostProcessing::Grain` class. The source box is white with a black border, and the target box is gray with a black border. A blue arrow points from the source to the target.
