

src/engine/scripts
/ecs/Component.h

```
graph TD; A["src/engine/scripts  
/ecs/Component.h"] --> B["cstddef"]; A --> C["memory"]; A --> D["typeindex"];
```

The diagram illustrates the dependencies of the file `src/engine/scripts/ecs/Component.h`. It is represented by a grey box at the top. Three blue arrows point downwards from this box to three separate white boxes below it, which represent the files it depends on: `cstddef`, `memory`, and `typeindex`.

cstddef

memory

typeindex
